THE TOPPERS : HOW THEY'RE MAKING THEIR MARK

Jason and Jen Topper share the same passion: they want to make a difference in the lives of others. Especially those misfortunate people who struggle the battle of one of the most impactful diseases around: Alzheimer's. Urged to make a difference because of their past experiences and medical-related day jobs, the married couple are a power team striving for success in their mission to collect \$5,000 to combat Alzheimer's. In April, they will be participating in the 2014 Forget-Me-Not Gala of Maryland, where they will be dancing the night away to benefit the Alzheimer's Association of America. Please make a donation to them through their online fundraising page or through mail. Thank you!

THE WHY?

Jason spent time working with Alzheimer's patients. Then, he saw firsthand the horrid effects of Alzheimer's. Those memories are the reason why dancing in this Gala is so important to him.

Jen has worked with many passionate companies working hard to find a cure for Alzheimer's. So, naturally she was excited to be included in this year's Gala to help support the Alzheimer's Association.
