

Become a part of our NEW pen pal program!

What is it?

The Love for the Elderly Senior Buddy program connects seniors with school-age students. Over the course of a school year, the students and seniors have the opportunity to develop relationships through letter-writing. They are encouraged to write to each other as often as possible, at least once a month, so that the student and senior can really get to know each other. It is our hope that this program will enrich the lives of the students and seniors, giving the students and seniors an outlet for growth and new experiences.

We are currently in the process of searching for new nursing facilities to become a part of this pilot program! If you know of a nursing facility or school that might be interested in participating, please contact Jacob@lovefortheelderly.org. Thank you!

How can we join?
